County Board Commends Rardin For Three-Year Effort To Bring About State-Wide Mosquito Control Plan

A \$3 million fund to wage war on Florida's mosquitoes, which was approved by the current legislature, is the outgrowth of a plan started in Palm Beach County three years ago.

The man behind the proposal for stepped-up mosquito control work, was Paul Rardin, Canal Point, who first started pushing for these funds when he was chairman of the county commission.

Rardin, who is still a member of the commission, didn't let his idea drop after he had completed his term as chairman of the board. Instead, he accepted the chairmanship of the State Association of County Commissioners mosquito control committee, where he continued the fight for funds. The work of Rardin and other members of the mosquito control committee bore fruit this year when the state legislature voted to make money available for mosquito control work throughout the state.

The \$3 million fund in the state's

Building Fund Day Pahokee Baptists

Sunday, June 14, has been designated as building fund day at the Pahokee First Methodist Church, this date marking the close of the fund raising campaign for the summer months.

The goal for the current eight-month period was set at \$8,000. Contributions have totaled \$3,000, leaving \$4,999.90 yet to be raised to reach the goal, according to Max E. Beverly, chairman of the building committee. Members and friends of the church are asked to bring their building fund saving banks and other cash contributions to the church Sunday. Checks may be sent by mail or presented personally at church.

If contributions to the building fund are sufficient, the building committee will continue with its plans to start construction on the first unit in the near future, perhaps this summer. The first unit would be the proposed educational building, which according to ten-

Stella Lee Mullis Dies In Pahokee

Mrs. Stella Lee Mullis, 48, Pahokee, died at the Everglades Memorial Hospital early Thursday morning, June 11, following a long illness.

Mrs. Mullis came to Pahokee from Lakeland 20 years ago. She was a member of the Pahokee First Baptist Church and was very active in missionary work through the Baptist Woman's Missionary Society. She was past chairman of the society's Lucy Jones Circle. Survivors include the husband, L. W. Mullis; a son, Timothy James; and a daughter, Carol Ann, all of Pahokee.

Berry's Funeral Home is in charge of funeral arrangements.

Sportsmen's Club Being Planned

Tentative plans to organize a Sportsmen Club for residents of the Glades area later this month, the date to be set soon, have been announced by Wildlife Officer Herb Worth. The club, membership of which will be open to both men and women, will be organized in the Everglades for the people of the Everglades, its primary purpose being to open new hunting and fishing areas to Glades residents, according to Worth.

Funeral Services For J. H. Chandler

Funeral services for Julian H. Chandler, 37, of Pahokee were held at the Pahokee First Baptist Church Wednesday, June 10, at 9 a. m., with the Rev. W. Hal Hunter, pastor, officiating.

Mr. Chandler died at the Everglades Memorial Hospital Sunday morning following a long illness. For many years he was a successful business man in Pahokee, starting as a clerk in the Pioneer Drug Store and later organizing his own popular Chandler-Sundries store. While in business he gradually lost his eyesight but kept an active interest in his store for several years after losing his sight.

Survivors include a daughter, Judy, of West Palm Beach; mother, Mrs. Julia Chandler, and a brother, John Chandler, both of Pahokee.

Burial was at the Port Mayaca Cemetery. Berry's Funeral Home was in charge of arrangements.

Music Director In Pahokee Church

Miss Patricia Clark of Miami assumed her duties this week as Music-Educational Director of the First Baptist Church. Her duties, according to local church officials, will be the direction of the church music program including the organization of graded choirs and also the general supervision of the church educational and recreational program.

Miss Clark arrived in Pahokee Monday, after completing her senior year as a religious educational major at John B. Stetson University in Deland.

Miss Clark has had varied experience in church leadership. She has directed several church choirs, has directed summer educational activities in Miami churches and has served on the staff of the Ridgecrest Baptist Assembly for two summers. She is also the daughter of Mrs. E. L. Clark, Educational Director of the Southside Baptist Church, Miami. Her father is a postal employee of that city.

W. Hal Hunter, pastor of the local church, says, "Miss Clark is a valuable addition to our church staff and I predict that the next year will be the most successful in our church history."

The State Advertising Commission is authorized under a new law to conduct advertising and publicity campaigns on ports in the state.

441 Group Goes To Meeting In Ocala

Over the week-end a group of members of the Pahokee Chamber of Commerce and the Belle Glade Chamber of Commerce joined in a motortrade, representing the 441 Federal Highway Association, to Silver Springs, leaving Belle Glade at noon, Saturday.

At 3:00 P. M. the group held a meeting in St. Cloud, and were entertained by the St. Cloud Chamber of Commerce at a chicken bar-b-q at the lakeside resort of Robert Johns; with boat rides as a feature of the afternoon's entertainment. The motortrade resumed their trip again about 6:00 p. m., arriving at the Marion Hotel in Ocala at 9:00 p. m.

Sunday morning, the President of the Ocala Chamber of Commerce welcomed the group, offering their assistance to the 441 program. Upon reaching their destination, Silver Springs, they were met by the amiable, Pete Schaal, advertising executive of Silver Springs, who was host at a luncheon and provided a program for the day that was outstanding in every respect. The group will not forget the graciousness of Mr. Schaal, and the friendly atmosphere of Silver Springs, the State's most outstanding attraction.

Time Here Again To Pay For Lights

It's time to pay for street lights in Canal Point. They are paid for on a voluntary plan and the idea was inaugurated by the Lions Club a couple of years ago. The annual cost is \$476.00.

On the committee to collect the cash for the juice payment are: J. G. Weeks, O. H. Sheppard, A. R. Harrington and D. L. Hooks. The payment has to be made on the first of July and up until last night only \$124.00 had been paid in by those citizens of Canal Point who don't like to walk around in the dark after sundown.

If you'd like to help in this worthy project, please stop any one of the fellows named above and given them your proportionate share of cash for lights.

Water Show For Next Wednesday

The Pahokee Boat Club at a meeting Wednesday night continued with plans for the big water show which it is sponsoring at the Pahokee waterfront Wednesday, June 17.

It was announced the three-hour water show in the afternoon will feature spectacular stunts on skis and saucers by the Stuart "Aquabats," boat races and other water sports.

The afternoon show will reach the climax with the bathing beauty contest to name "Miss Pahokee Boat Club of 1953." A committee of out-of-town judges include Cartoonist Zack Mosley of Stuart and Col. Fred O. Easley of West Palm Beach.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Two low bidders were awarded contracts Monday for remodeling the county court house west wing. P. C. Lissenden, West Palm Beach, contracted to remodel and improve the second and third floors of the boom-time building for \$153,332. Air Conditioning Distributors, Inc. was awarded the second contract for \$31,950.

Work is scheduled to begin this summer and will include the air conditioning and relocating of offices now occupied by the criminal court, county agricultural department, solicitor, civil defense and justice of the peace offices.

Approval of the bids came at the meeting of the county commission. At the same time the commission made provisions for the agricultural department's new and separate facilities.

Purchase of a 10 acre tract on Military Trail opposite Golf View Road was approved by the board after appraisers reports set its value at \$10,000. Action on this site for a new agriculture headquarters had been held up for the past two weeks to allow other county property owners in that area an opportunity to make other offers to the county.

With a 660 foot frontage on Mil-

itary Trail and the same footage in depth, the commission expressed belief that all facilities of the department including 4-H working space, home demonstration facilities, kitchen, small auditorium and ample parking area could be taken care of with acreage left over for future needs.

County Agent M. U. Mounts was instructed to meet with a committee composed of those with offices in the new building and others interested in the project. The group will ascertain the needed facilities and arrange for an architect to draw plans with a view that construction will come under next year's budget.

J. M. Boyd, county engineer, informed the board that the county purchasing department established the first of the year, is now qualified to extend its heretofore restricted service to all the offices of the county. In view of this the commission voted to turn over all of its purchasing to the new agent for the next fiscal year.

In other action the board: Received a petition from mothers of West Gate School children asking for the permanent closing of Oswego St. in front of the school and the proposed new building. Action was delayed on this pending a request from the school board.

Set aside \$10,000 of the gas tax for use in purchasing right-of-ways for county roads.

Heard reports from the county attorney that the suit of the Glades liquor store closing hours has been set for trial June 12, and mayors of Belle Glade, Pahokee and South Bay have been invited to participate in the suit.

Adopted resolution commending the work of Col. Fred Basley, Jr., commanding officer at PEA who leaves July 11 for National War College at Washington, DC.

4-H Club Groups Attend Meetings

The first of three 4-H club delegations were attending state 4-H club meetings this week two more groups slated to leave next week.

In Tallahassee this week attending the 4-H club short course for girls are Jackie Easton, Lantana; Elaine Weeks, Canal Point; Winifred Burry, Jeanette Waddell and Charry Corbin, Belle Glade. The group was accompanied to the state capital by Miss Elizabeth Hudson and Miss Sarah Horton, both members of the county's home demonstration department.

Set to leave next Monday for Gainesville are One 4-H Club boy who will also attend a short course. They will be accompanied by County Agent M. U. Mounts and his assistant H. L. Speer. Going to boys camp next week is a delegation of 40 youths who will be accompanied by John Causey and Raleigh Griffiths, both assistant county agents. The camp is being held at Lake Placid in central Florida.

IN FIRST PLACE

With just three years of operation behind it, the Glades Live Stock Market Association, now tops all other state markets for the number of cattle sold each week. The market has achieved this first place rating by maintaining an average of 1,000 cattle sales a week for the past eight weeks, Agricultural Agent H. L. Speer reported Monday.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Dan Dailey was born in New York City, and he returned there for a considerable length of time in the making of "Taxi", reliving familiar scenes of his childhood "on the street." Of course when Dailey was making his way up the theatrical ladder in the Big City it was not always smooth sailing. His first professional appearance was with a minstrel show in Providence, Rhode Island. Only six, he sang and hoofed and from then on, as he puts it, he was a sucker for a stage. Dan left high school when a Broadway producer saw him in a dance recital and offered him a spot on the vaudeville circuit. It was about this time that vaudeville was dying and Dan's bookings slipped. So that he could eat more regularly, he tried golf caddyding, shoe-selling, interior decorating and other odd jobs. In 1934 he got his first good break, an opening with a show on a South American cruise ship. On his return he landed important spots in "Babes in Arms", and "Stars in Your Eyes." On the basis of his role in the celebrated musical "I Married an

Angel," Dailey landed a movie contract with Metro. His first movie role was that of the brutal Nazi Troop leader in "Morning Storm". A four year Signal Corps veteran of World War II, Dailey entered as a private and was discharged as a Lieutenant. Although he appeared in many films prior to his enlistment it was a few years later than Dan became established as a song-and-dance star in "Mother Wore Tights" with Betty Grable. It also gave him a five year contract with the studio. Probably one of the most versatile actors on the lot, Dan has since proved an effective performer in such diverse genres as comedy and straight drama. In "Taxi" he is said to be terrific! See you at the movies—Mal.

GOT ANY COMPLAINTS ABOUT YOUR TAXES

Complaints on current county tax assessments will be heard next month by the county commission. The board Monday voted to meet as a board of equalization for a week beginning July 6, to confer with residents on complaints rising out of this year's tax assessments. The board will continue to meet until all complaints are heard, but in past years all complaints have been handled in a week's time.

After All, It Wasn't Such A Good Season

County Agricultural Department reports on winter vegetables bear up the repeated cry of farmers that this has been a bad year.

Leafy crops such as cabbage, celery and lettuce have been poor all year, Agent John Causey reported this week, with farmers getting returns on them that will hardly cover the cost of harvesting and packing.

Crops such as beans, pepper and early corn have returned good prices so as a result the Glades farmers season has been poor while coastal farmers, growers of these products, have made a little money.

Causey reports that 9,796 railroad cars of 15 different vegetables have been shipped with an equal amount sent out by truck.

AT CONFERENCE

Those planning to attend the annual Florida Conference of Methodist Ministers and Laymen in Lakeland this week include Dr. and Mrs. Rembert A. Guy and O. B. McClure, laymen delegate, of Pahokee; the Rev. James R. Roy and W. E. Johnson, laymen delegate, of Canal Point.

HAPPENINGS IN THE LAKE OKEECHOBEE REGION

25 YEARS AGO

The priming coat of oil was this week put on the new lake front road at Canal Point and the road is closed to traffic until the oil can set. The asphalt will be applied next week if weather conditions allow. Road Maintenance Foreman W. T. McClure has built bridges across borrow ditches on the Lambert road in the Chosen district, to enable vegetables to be moved across the railroad track.

W. L. Brandon of Canal Point will leave this week for Marianna, Fla., to arrange to get the corn mill at that place and move it to a location at Pahokee and operate it this summer and fall. He will also forward an electric motor of sufficient size to run the mill. Operation of the corn mill will make a market for a part of the large corn crop of the upper Glades which might otherwise go to waste. The upper Glades corn crop is larger this season than ever before.

The tomato season is coming to an end. Rains, a holiday and election contributed, together with lowering prices, to reduce the shipments. Ninety-one cars of vegetables were forwarded from the railroad stations of the Canal Point-Pahokee district in the week ending yesterday, Thursday morning, June 7. There were 86 cars of tomatoes, 3 cars of mixed vegetables and 2 cars of peppers.

Sand is being hauled this week to make a fill on a muck lot in Canal Point near the "Magaw apartments" and I. G. Williams will begin next week the erection of a dwelling house.

The Junior B. Y. P. U. held their social meeting at the home of Mrs. Ira York Tuesday, May 8. A short program was given by the children and games played. All had a fine time. Phillips Enters State Gas Deal

TAMPA — Phillips Petroleum Co. will spend \$15,000,000 in Florida as they prepare to compete for a share of the state's gasoline business, Paul Endacott, president, said here last week.

The oil company celebrated the kick-off of its entry into Florida markets with a reception and dinner June 5 for a group of Florida business leaders. This is the company's first venture into the Southeast on a large scale.

With the potential growth of Florida at the compelling reason for the move, Tampa will be the distributing center and oil terminal for the entire state. The company plans to build 300 stations within the next two years, at least 65 of which are now under construction, with one ready to open this week.

Phillips fertilizers are now sold in the state and the company has been a large supplier of liquefied petroleum gas to distributors in Florida since 1928.

This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST
10 EXTRA YEARS**

ALL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

SERIES H. A new current income bond, available in denominations of \$500 to \$100,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

INVEST MORE IN DEFENSE BONDS!**

Jack Phillips was appointed a member of the Citizens Zoning Board of Appeals to fill the vacancy left by the resignation of Louis Mims. Claude L. Shirley who was originally named to replace Mims declined to serve on the board.

Medical Forum To Be Held August

The Free Medical Forum sponsored by the Heart Association of Palm Beach County, the County Medical Society and the County Health Department, to be held on the four Tuesday evenings in August, is quickly taking shape.

The public's interest is growing if one may judge it by the requests for topics.

Cancer, Mental Health, Diabetes, Arthritis, Epilepsy and Heart have all been requested, you have time to send in your requests. June 15 is the deadline. Just mail your suggestions to 808 Harvey Building, West Palm Beach.

Dr. Charles M. Harris, Chairman of the Public Relations Committee of the County Medical Society wants the public to know something of the work involved to make these forums successful. In commenting he said "Your doctors do not wait until August to make plans. By July 1st all topics and the questions to be answered will be ready for our Public Relations Committee to study and select the four topics which we will use during the August Forum."

"After this selection is made, doctors will be named for each panel and these groups will meet, go over the Public's questions and make their Forum copy."

"With this step taken the panel of doctors will then have a rehearsal and tape record their remarks so as to listen to their program and correct it or make additions. Then your doctors are ready for the Forum," continued Dr. Harris.

Dr. Harris' statement clearly outlines the amount of detailed work each doctor must do for these Forums. Help them by getting your suggestions in to 808 Harvey Building, West Palm Beach.
